

# ROI PUTTERMAN

## Software Engineer

### ABOUT

My name is Roi Putterman, I am 22 years old, living in Rishon Lezion, Israel.

I am looking for my first junior job in the software field, as a programmer, software tester (manual or automatic), automation developer or any other job that relates to the software programming field.

I am a High-skilled self-learner.

Discharged due to medical reason.

### EDUCATION

#### **SCE – Sami Shamhoon College Of Engineering**

2018 - Today

Software Requirements Management, Software Quality Testing, Algorithms, data Structure, Data Base and Computer Communication studies.

In addition, I study programming languages such as C, C++, Python, Java (OOP, GUI and Design Patterns), as well in MySQL, SQL/PL. Personal knowledge: Node.js, JavaScript, HTML5, CSS, MongoDB, Selenium and Telegram Bot API.

2011 – 2017 – **Hashmonaim high school**, Bat Yam  
High school diploma with grade average of 83. During my studies I have been acquired knowledge in Economics (6 Units).

Rishon Lezion, Israel
